Updated No-Show and Same Day Cancellation Policy Effective May 1, 2024

Since 2005, our model of Physical Therapy has been one-on-one care, for the entire session. While most PT clinics book several patients per hour with the same therapist, we dedicate the entire treatment time to you. Even with costs rising, insurance regulations changing, and clinics pushing toward higher profit margins, we are unwilling to change our model of one-on-one therapy. We truly believe it's in the best interest of the patient, and provides our therapists the continued ability to deliver excellent care.

With that said, no shows and last minute cancellations greatly disrupt the one-on-one care model. We are a family-first place, and completely understand things occasionally come up last minute. We give everyone a one-time pass! After the first no-show or late cancellation, the card on file will be automatically charged according to the following fee scale.

INITIAL _____ \$75 for Same-Day Cancellations

***To avoid same day cancellation fees, please call during regular office hours the day before your appointment. After hours calls count as "same day."**

INITIAL _____ \$100 for No-Shows

INITIAL _____ We reserve the right to cancel all future appointments and discontinue services if more than 3 no-shows and/or same day cancellations occur during plan of care.

I understand the no show and same day cancellation policies. I acknowledge the payment card on file will be automatically charged the no-show or same day cancellation fee when applicable. I also acknowledge insurance cannot be billed for these fees and they are my financial responsibility.

Scheduling Policies

Unlike most physical therapy clinics, we only see 1 patient per therapist, per hour. Therefore, the time is reserved only for you. It also means our therapists' schedules fill up quickly. You will likely work with several different therapists. We will schedule you out according to your physical therapist's recommendations and insurance coverage. **INITIALS** _____

Payment Terms

We strongly believe that part of a healthy working alliance involves staying current with your account at CORE Fitness + Physical Therapy. This enables us to pay your Physical Therapist for services rendered.

We are in-network with Blue Cross/Blue Shield only. If you are insured by BCBS, when you initiate services, our Billing Office will obtain a quote of benefits from Blue Cross/Blue Shield and will present this paperwork at your first visit (as a reminder, this is a quote of benefits, not a guarantee of payment). BCBS requires you to provide your insurance card and photo ID to avoid insurance fraud. If you are insured through any other carrier other than BCBS, we require a payment of \$150 per visit. Most PPO plans will reimburse a portion of the cost for services received by an out-of-network provider. Our office can provide you with a self payment claim form with services rendered to submit to your insurance company. We also accept workers compensation and any patients who are involved in litigation due to an injury.

If your account has an outstanding balance, your portion of the services rendered are due at the time of service. We accept cash, check and credit card. We cannot accept Manna for insurance payments. Future appointments will be scheduled as long as your account is current.

Please see the following Credit Card Payment Authorization Form

No-Show and Same day Cancellation Fees

Missed appointments cannot be billed to your insurance. You will automatically be charged \$100 for no-shows and \$75 for same day cancellations. After hours calls count as same day cancellations. Office hours are M-Th 8am-8pm, F 8am-6pm, Sat 8am-2pm. Calls on Sundays should be made before 8pm to avoid the same day cancellation fee.

INITIALS _____

There will be a \$25 for returned checks.

If you have any additional questions or concerns, please contact our office manager at 708-422-0990.

When Cancelling Outside of Business Hours

If you call to cancel outside of business hours, the voicemail will prompt you to please email: dianefidler@corefitnesspt.com with your appointment date, time, and CANCEL in the subject line.

Financial Policy

Welcome to our office! We are committed to providing you with the best possible care. If you have medical insurance, we are happy to help you receive your maximum allowable benefits. In order to achieve these goals, we need your assistance, and your understanding of our financial policy. Payment, co-payment, deductibles, and coinsurance for services are due **each visit** for charges incurred up through your last visit. We accept cash, checks and all credit cards for payment. **Please understand that you are financially responsible for all charges, whether or not they are paid by Insurance.**

PLEASE READ CAREFULLY:

1. Your insurance is a contract between you, your employer and your insurance company. We are not a part to that contract. As a courtesy to our patients, we will bill your insurance carrier; however, we cannot guarantee payment in a timely manner. If for any reason, any portion of a bill is not paid by your insurance within 60 days from the date of service, you agree to make arrangements for prompt payment.
2. Any returned checks will be subject to a NSF fee of \$25.00 which will be due at the next visit.
3. We have a same day cancellation policy. If you cancel the same day as your appointment, you will be automatically charged \$75. No-shows/missed appointments will automatically be charged \$100.
4. If 3 or more visits are missed or cancelled without following our no-show/same day cancellation policy, Core will automatically cancel all future appointments and notify the referring physician.
5. Accounts that are past due will incur a finance charge at the rate of 10.5% annually.
6. Please see our credit card on file policy. Please note that we will run your card automatically if you have a copayment, no-show, or same day cancellation.

Again, our relationship is with you, not your insurance company. We realize that financial problems may affect timely payment of your account. If such problems arise, we encourage you to contact our billing department promptly for assistance in the management of your account. If you have any questions about the above information or any uncertainty regarding insurance coverage, please don't hesitate to ask as we are here to help you.

I hereby understand the above financial policy and agree to abide by it.

Dry Needling Informed Consent

Please review the following information PRIOR to consenting to application of dry needling techniques which is recommended by your Physical Therapist as part of your plan of care.

Dry Needling is not acupuncture however it is also a technique that utilizes thin, solid filament needles. This needling technique is used specifically to treat myofascial trigger points, muscle spasms, or dysfunctional tissue. Like any medical procedure, there are possible complications. While these complications are uncommon, they do sometimes occur and must be considered prior to giving consent to the procedure.

- **PAIN.** When a needle is inserted in the correct location, it may briefly reproduce a muscular ache or a twitching response which indicates the technique should be effective in reducing the symptom. You may experience a muscular ache for one or two days followed by an expected improvement in your overall symptoms. It is extremely important that your Physical Therapist is made aware if you are feeling uncomfortable with the treatment.
- **INFECTION.** Any form of skin penetration creates an opportunity for bacteria to enter the system. In order to minimize the risk, your Physical Therapist will follow the proper disinfection procedures and will use only the sterile disposable single-use needles.
- **BRUISING OR BLEEDING.** On occasion you may experience a small painless bruise or blood spotting in the treated region. Bruising and the blood spotting of this nature would clear very quickly.
- **DROWSINESS, FATIGUE AND AUTONOMIC RESPONSES.** On occasion you may experience a feeling of tiredness, nausea, dizziness, sweating; if this occurs, you will be asked to avoid driving until the feeling has passes; Change in blood pressure, heart rate, flushing of the face or breathing rate are involuntary reflexes which may change temporarily as a result of dry needling; these occur rarely and should give no cause for concern.
- **PNEUMOTHORAX.** There have been approximately 100 reported cases worldwide of acupuncture needles puncturing a lung. This only occurs when needles are inserted too deeply or incorrectly. Pneumothorax is a serious medical condition requiring admission to hospital. Your Physical Therapist has been trained to avoid the lungs and limit needle depth to avoid this occurring.

I have read this form and I understand the risks involved with dry needling therapy. I have had the opportunity to ask questions and express any concerns, of which have been answered to my satisfaction. I also agree to advise my Physical Therapist of any and all changes in my physical condition whether or not I believe these changes will affect my treatment or plan of care. I consent to dry needling treatment provided by my Physical Therapist.

With my signature, I hereby consent to the performance of this procedure.

Dry Needling Consent and Request for Procedure

Dry needling is a technique used in physical therapy practice to treat pain and trigger points in muscles. It is an invasive procedure using a solid and thin monofilament needle for the treatment of pain and dysfunction of various body tissues.

As with any medical procedure, there are possible complications and while these are uncommon, they do sometimes occur and must be considered prior to giving consent to the procedure.

Adverse events may include infection, bleeding, pneumothorax, nerve lesions, increased pain, nausea, and fainting. Fortunately, all these complications are not fatal and are readily reversible.

All precautions will take place to prevent these from happening. The precautions include use of sterile needles and gloves, precautions in location of needling with landmarks checked/rechecked, proper hand washing techniques, a thorough medical screening, proper post-needling care, proper positioning, and constant communication between the patient and the clinician.

Patients are to inform their practitioner about conditions such as pregnancy use of blood thinners, or immunosuppressant medications prior to the treatment.

Dry needling is a technique used in physical therapy practice to treat trigger points in muscles. You should understand that this dry needling technique should not be confused with an acupuncture treatment performed by a licensed acupuncturist.

Patient's consent: I have read or had read to me the above; I understand the risks involved with dry needling. I have had the opportunity to ask any questions I had and all of my questions have been answered.

With my signature, I hereby consent to the performance of this procedure.

DO NOT SIGN UNLESS YOU HAVE READ AND THOROUGHLY UNDERSTAND THIS FORM.

Signature _____ Date _____

Physical Therapist Affirmation: I have explained the procedure indicated above and its intended risks and consequences to the patient who has indicated understanding thereof, and has consented to its performance.

Privacy Statement

THIS NOTICE DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.

The Health Insurance Portability and Accountability Act of 1996 (HIPAA) is a federal program that requires that all medical and dental records and other individually identifiable health information used or disclosed by us in any form, whether electronically, on paper or orally, are kept properly confidential. This Act gives you, the patient, significant new rights to understand and control how your health information is used. HIPAA provides penalties for covered entities that misuse Protected Health Information (PHI).

This Notice of Privacy Practices describes how we may use and disclose your Protected Health Information (PHI) to carry out treatment, payment, or health care operations (TPO) and for other purposes that are permitted or required by law. It also describes your rights to access and control your protected health information. "Protected health information" is information about you, including demographic information, that may identify you and that relates to your past, present or future physical or mental health or condition and related health care services.

Uses and Disclosures of Protected Health Information

Your Protected Health Information may be used and disclosed by your physician, our office staff and others outside of our office that are involved in your care and treatment for the purpose of providing health care services to you, to pay your health care bills, to support the operation of the practice, and any other use required by law.

Treatment: We will use and disclose your Protected Health Information to provide, coordinate, or manage your health care and any related services. This includes the coordination or management of your health care with a third party. For example, your protected health information may be provided to a physician to whom you have been referred to ensure that the health care professional has the necessary information to diagnose or treat you.

Payment: Your protected health information will be used, as needed, to obtain payment for health care services. For example, obtaining approval for a hospital stay may require that your relevant protected health information be disclosed to the health plan to obtain approval for the hospital admission.

Healthcare Operations: We may use or disclose, as needed, your protected health information in order to support the business activities of your physician's practice. These activities include, but are not limited to, quality assessment activities, employee review activities, and conducting or arranging for other business activities. We may use or disclose, as needed, your protected health information to support the business activities of this practice. In addition, we may use a sign-in sheet at the registration desk where you will be asked to sign your name and indicate your physician. We may also call you by name in the waiting room when your physician is ready to see you. We may use or disclose your protected health information, as necessary, to contact you to remind you of your appointment. We may call your home and leave a message (either on an answering machine or with the person answering the phone) to remind you of an upcoming appointment, the need to schedule a new appointment or to call our office. We may also mail a postcard reminder to your home address. If you would prefer that we call or contact you at another telephone number or location, please let us know.

We may use or disclose your protected health information in the following situations without your authorization. These situations include: as Required By Law, Public Health issues required by law, Communicable Diseases: Health Oversight: Abuse or Neglect: Food and Drug Administration requirements: Legal Proceedings: Law Enforcement: Coroners, Funeral Directors, and Organ Donation: Research: Criminal Activity: Military Activity and National Security: Workers' Compensation: Inmates: Required Uses and Disclosures: Under the law, we must make disclosures to you and when required by the Secretary of the Department of Health and Human Services to investigate or determine our compliance with the requirements of HIPAA.

Other Permitted and Required Uses and Disclosures Will Be Made Only With Your Consent, Authorization or Opportunity to Object unless required by law.

You may revoke this authorization, at any time, in writing, except to the extent that your physician or the physician's practice has taken an action in reliance on the use or disclosure indicated in the authorization.

Your Rights

The following is a statement of your rights with respect to your protected health information.

You have the right to inspect and copy your protected health information. Under federal law, however, you may not inspect or copy the following records: psychotherapy notes; information compiled in reasonable anticipation of, or use in, a civil, criminal, or administrative action or proceeding, and protected health information that is subject to law that prohibits access to protected health information.

You have the right to request a restriction of your health information. This means you may ask us not to use or disclose any part of your protected health information for the purposes of treatment, payment, or healthcare operations. You may also request that any part of your protected health information not be disclosed to family members or friends who may be involved in your care or for notification purposes described in this Notice of Privacy Practices. Your request must state the specific restriction and to whom you want the restriction to apply.

Your physician is not required to agree to a restriction you may request. If your physician believes it is in your best interest to permit use and disclosure of your protected health information, your protected health information will not be restricted. You then have the right to use another Healthcare Professional.

You have the right to request to receive confidential communications from us by alternative means or at an alternative location.

You have the right to obtain a paper copy of this Notice from us, upon request, even if you have agreed to accept this Notice alternatively (i.e. electronically).

You may have the right to have your clinician amend your protected health information. If we deny your request for amendment, you have the right to file a statement of disagreement with us and we may prepare a rebuttal to your statement and will provide you with a copy of any such rebuttal.

You have the right to receive an accounting of certain disclosures we have made, if any, of your protected health information.

We reserve the right to change the terms of this Notice and will inform you of any changes. You then have the right to object or withdraw as provided in this Notice.

Complaints

You may complain to us or to the Secretary of Health and Human Services if you believe your privacy rights have been violated by us. You may file a complaint with us by notifying our privacy officer of your complaint at our office and main telephone number. We will not retaliate against you for filing a complaint.

This Notice was published and becomes effective on/or before **1/5/2022**.
